ESERO Tim Peake Primary Project

Tim Peake is going to be the first British born astronaut to visit the International Space Station later this year. The European Space Education Resource Office (ESERO) are running an exciting primary school project following Tim’s progress.

This is a very exciting opportunity to get involved with and closely follow Tim Peake’s progress.

Citizen Science – pt 2

Summer is coming and it’s a perfect time of year to find a citizen science project to get involved in. This month the Society of Biology lists a multitude of ongoing projects and the Zooniverse team want your help to explore the universe.
