

# Inspiring young people in STEM: Activities and improving communication

---

## Personal development template

Use this template to identify what you aim to develop through volunteering.

This template has two parts, a list of common development goals and other outcomes that may be important to your development as a volunteer.

### Common development goals

Rank these goals according to their importance for you and your professional development. 1 is the most important for you, 7 is the least important.

Personal / professional development	Rank (1-7)
Communication skills	
Facilitator skills	
Improve confidence	
Mentoring skills	
Organisational skills	
Presentation skills	
Team working skills	

## Other outcomes from volunteering

Select two additional outcomes that may come from your volunteering experience. You can use the list below, or add your own in the spaces provided. Share your additional outcomes with others on the course.

Other outcomes	Tick (✓)
Sense of achievement, reward and satisfaction	
Ability to better engage with and inspire young people	
Develop young people's employability and practical skills	
Increase employer's profile/recognition	
Support employer to develop links with local schools/community	
Young people (and others) are better informed about STEM careers and pathways.
