**Additional Resources – Gravity
Spinner**

How to make gravity spinner

Materials:

Pencil/colours

Ruler

Scissors

Card

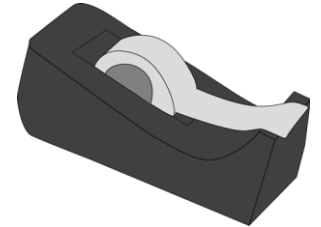

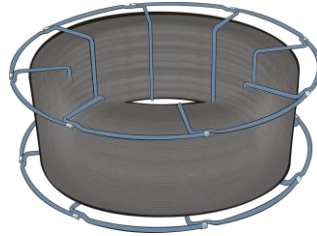

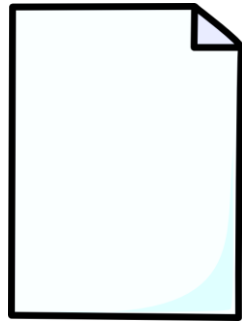

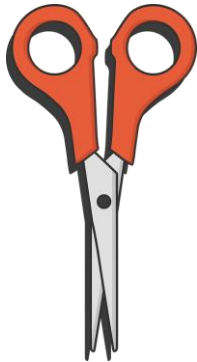

Paperclip

Paper Straw

Wire/metal coat hanger

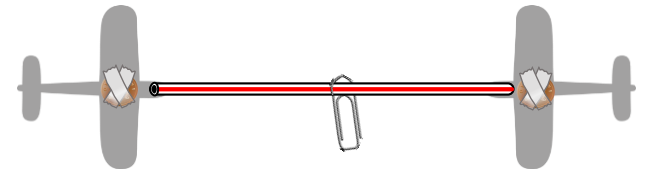

2 coins/blue tac

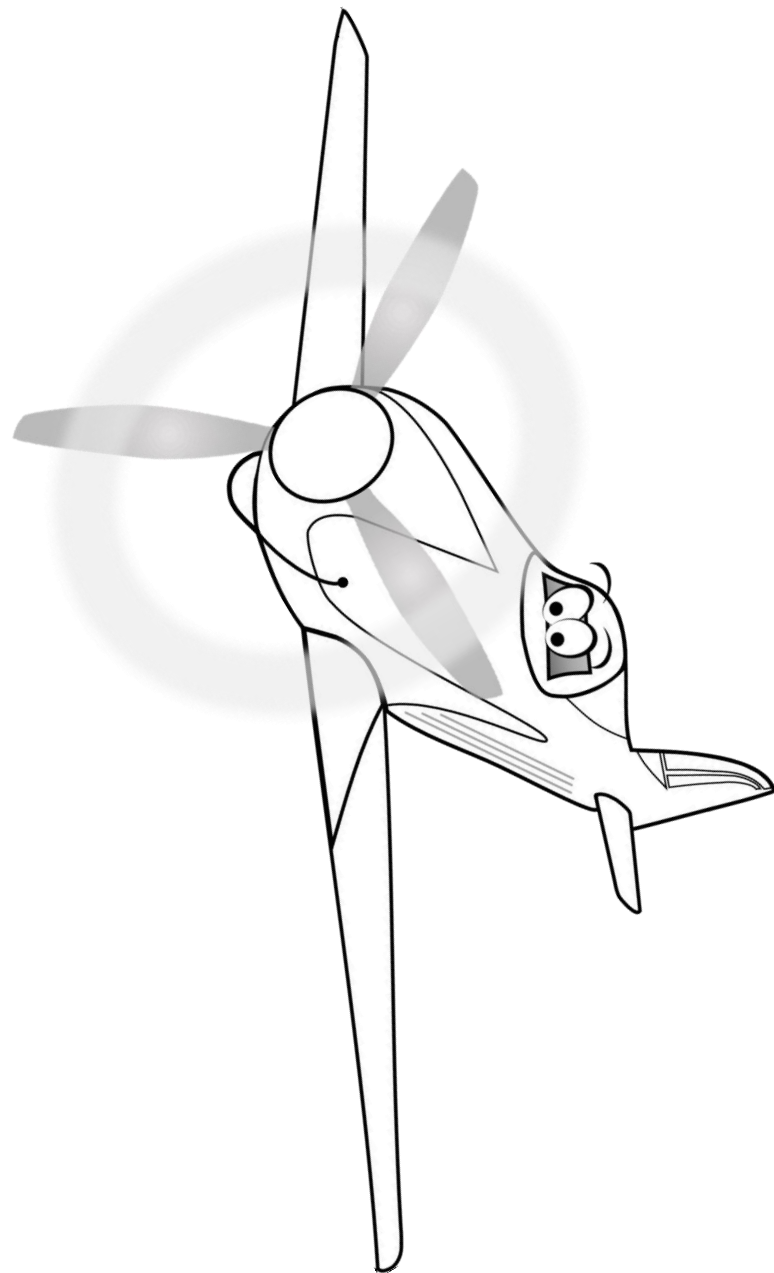

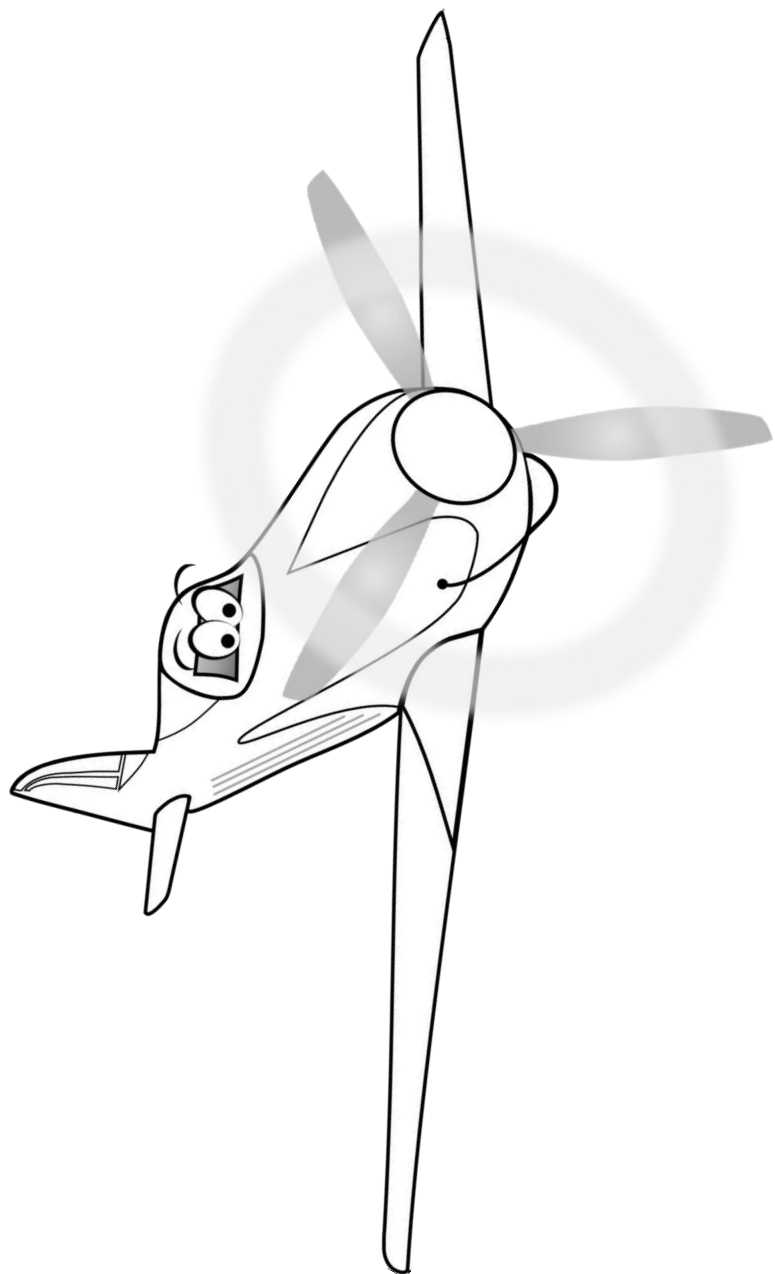

Tape

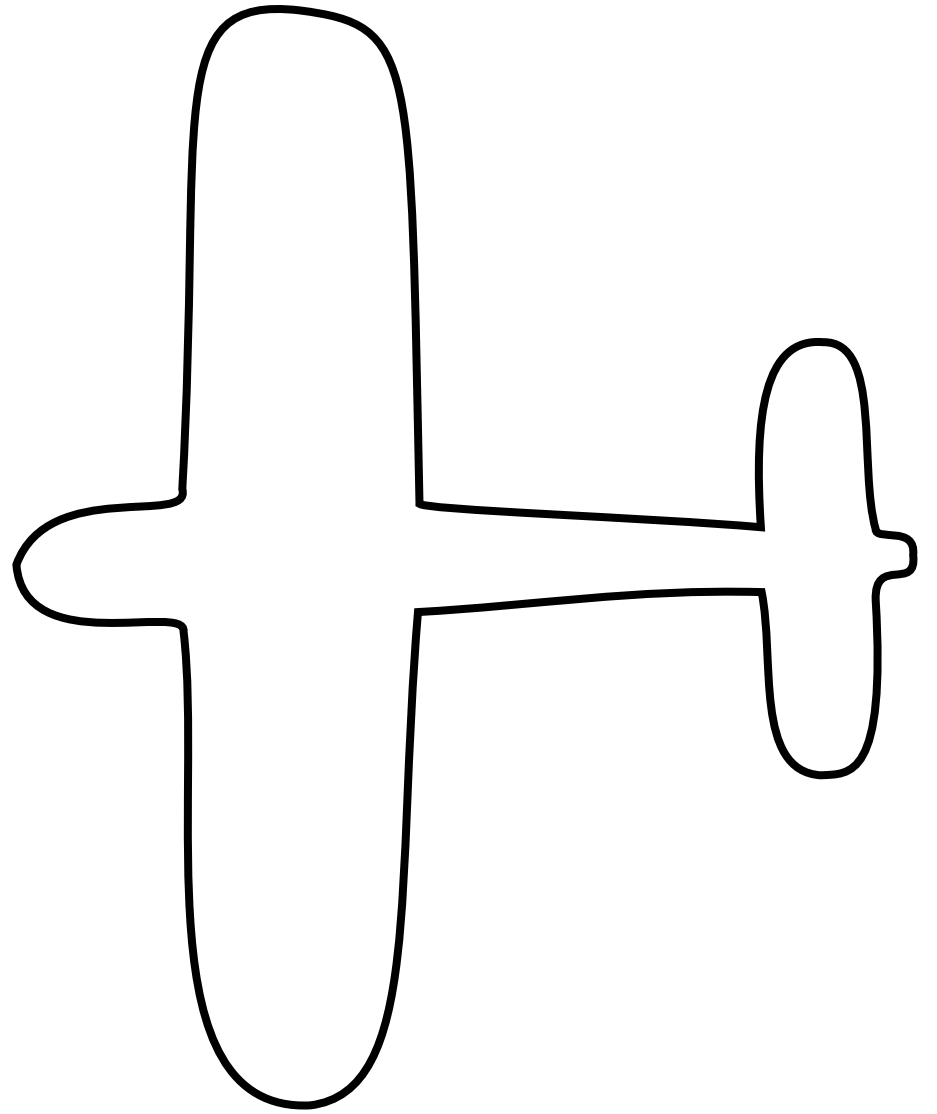

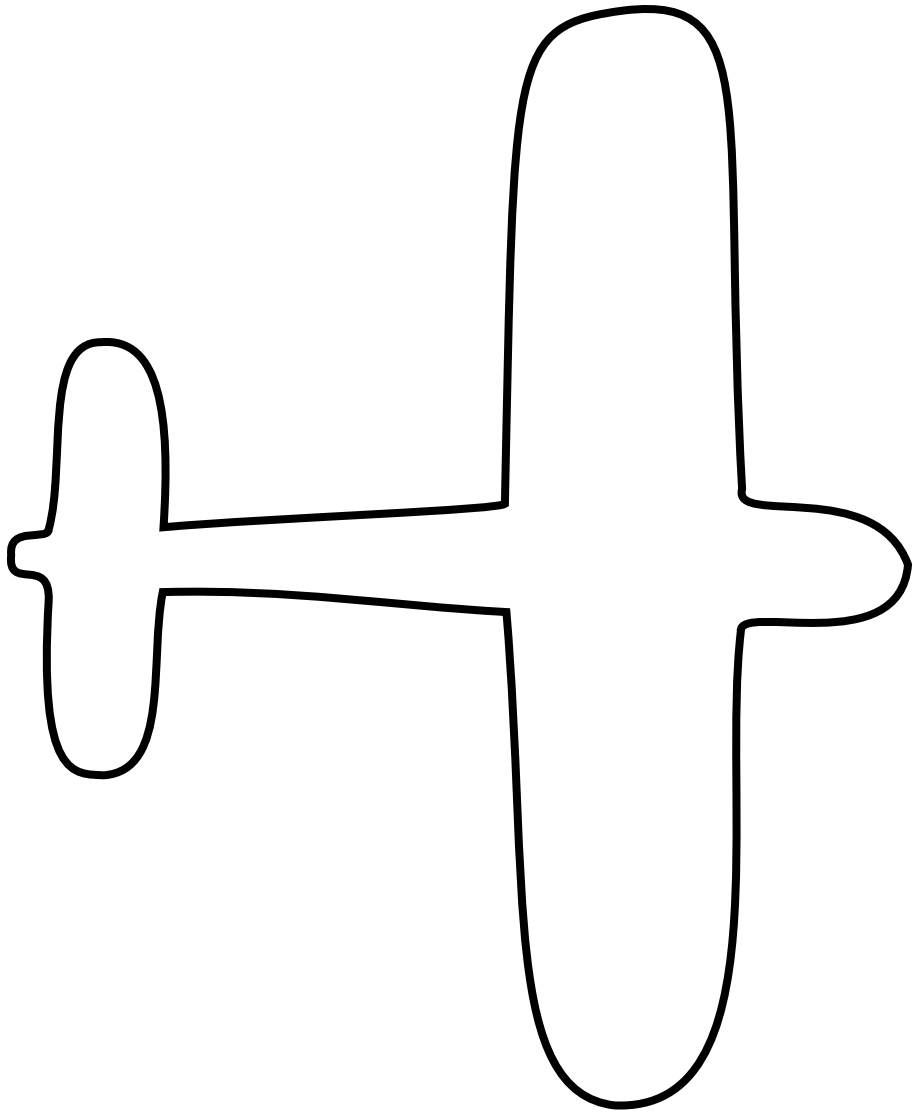

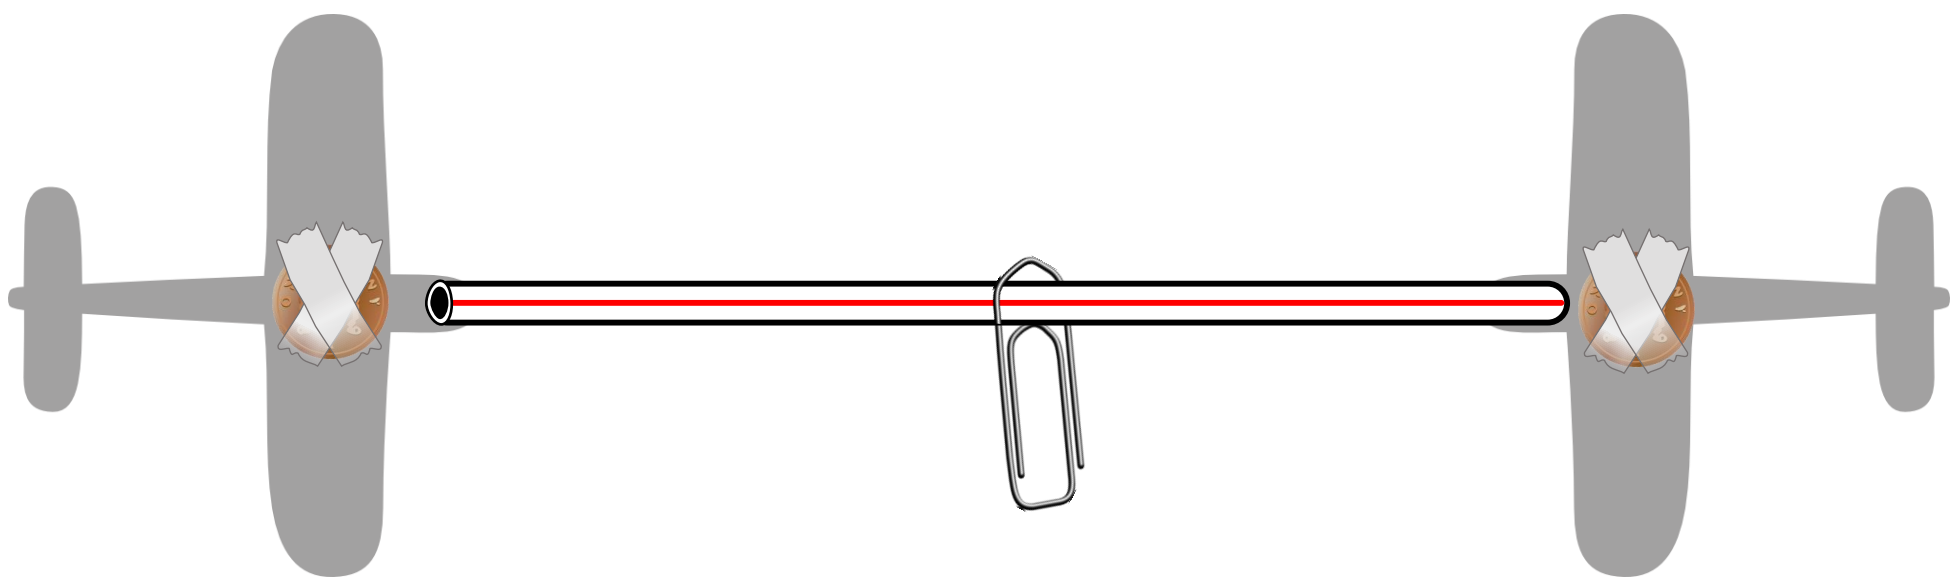

Method:

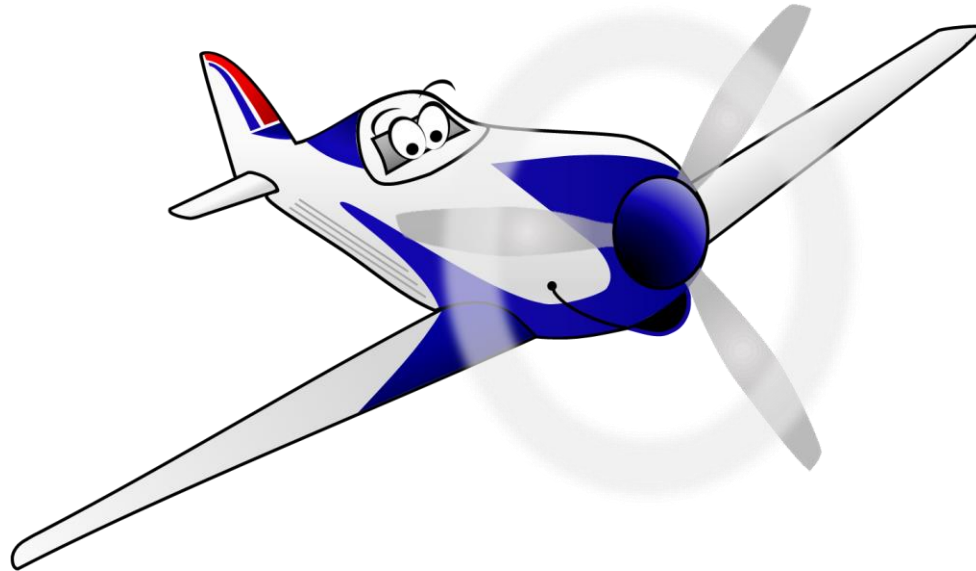

1. Draw (or use template) two identical ACCEL designs, colour and then cut them out.
2. Tape a coin to the back of each design.
3. Attached the paperclip to the centre of the paper straw.
4. Next stick the two designs to each end of the straw.
5. Wrap the wire around the rolling pin, twist a handle at both ends of the wire.
6. Put the paperclip through the wire and watch it fall.
