

Water

everywhere

Water cycle

What are the
stages of the
water cycle?

What can you see
in this picture?

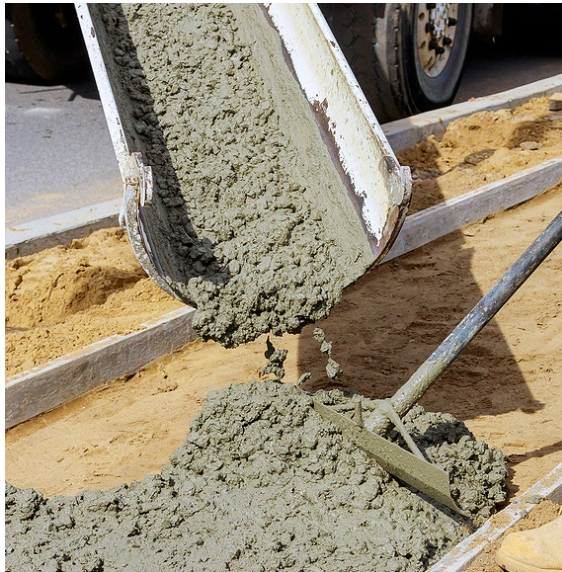

When do you use
water at home?

When do you use
water at school?

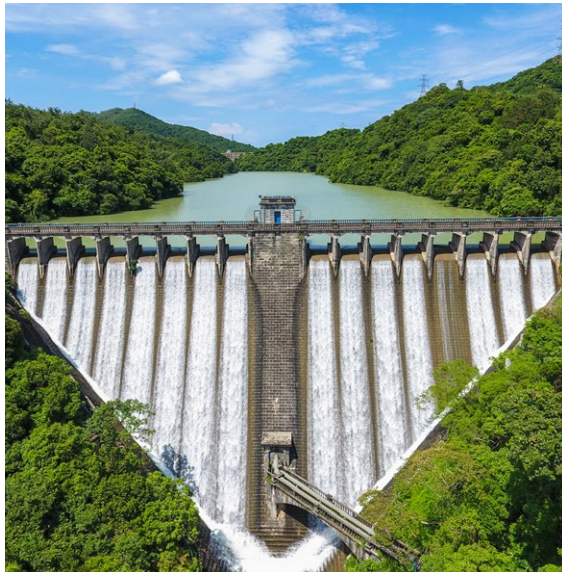

What jobs
use water?

When do you come
across water when
you are playing?

Where do you see
water around you in
the environment?

List the different
ways you use
water in a day

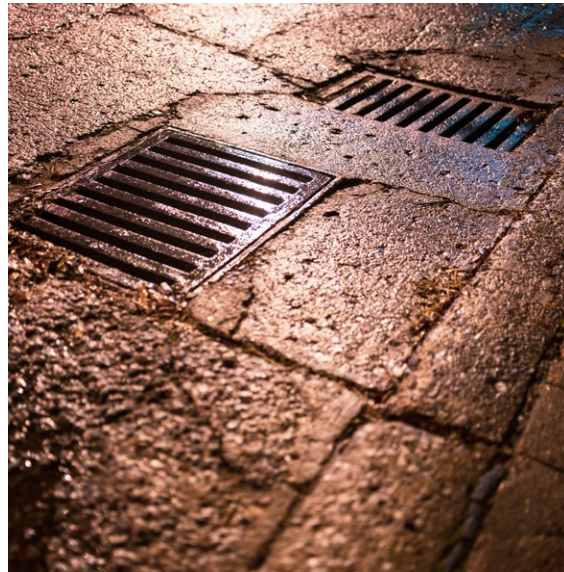

Where does
the rain go?

How do people use
water in their home?

Where does
waste water go?

What can you
do to reduce
wasting water?

What happens
when there is
too much rain?

Where do
puddles go?
