Use this CREST Discovery Award Passport to think about how well you did today.

Be honest about how you performed, and where you need more practice to improve skills.

You will be assessed continuously throughout the day, so as well as enjoying the experience, make sure you contribute as much as you can to your team’s effort.

CREST Awards are supported by:

British Science Association www.britishscienceassociation.org Registered Charity No. 212479 and SC039236

Have a look at the next step CREST Bronze Awards to do more projects like this!
1. Self-management
What was your role in the team?

Did you manage your time well?

Were you fully involved in the challenge? (circle one)

ALL DAY
SOME OF THE DAY

2. Team-working
What was your best contribution to the team?

How did you support other team members?

3. Problem-solving
Did your team achieve everything you were asked to do? (Circle one)

Yes  Mostly  No

Explain your answer:

What was the biggest challenge to you personally?

4. Research
How did you find out information relevant to your role in the challenge?

Could you have done more research to support the work of your team? (Circle one)

No  Yes

Explain why you think this:

5. Knowledge
Do you know more about the topic of the challenge than when you started the day? (Circle one)

No  Yes

Did you use this new knowledge appropriately in your role within the team? (Circle one)

Yes  Mostly  Not really

Explain your answer:

What is the most interesting or surprising fact you learnt today?

6. Skills
A skill is the ability to perform a certain task, such as follow instructions, solve a problem, work in a team or manage your time. The more skilled you are, the better you can do a task.

What would you say are the three main skills that you have learnt or improved today?

1  2  3
