

you need:

- a counter each
- 1–6 dice

Maze for 2 players

A Start with 5	double	subtract 0.5	add 0.5		
halve			add 1.5	add 2.5	halve
add 1	add 0	add 1.5	halve		add 1.5
add 0.5			subtract 0.5		subtract 1.5
subtract 1.5	halve	add 1	double	add 1	B Start with 5

First, put your counters on the two 'Start' squares and make a note of your starting scores (you start with 5).

When it is your turn, roll a dice and move that many squares.

Wherever your move ends, adjust your score accordingly.

Keep playing like this.

The first player to get their score below 1 wins the game.

Play five games and see who wins most often.

Rules

You may go any way round the maze and go over the same route twice.

In any one turn, you can't double back on yourself.

You may not land on the other player.

You may not cross a grey square.
