

RX027 Mentoring for NQT/ITTs in Science

Episode 1: Participant-led pre-course task

Handout 1.1 Self-assessment of mentoring skills

Task A

Read the mentor standards document (downloadable from the following link or available in the Course Community Group as Resource 1).

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/536891/Mentor_standards_report_Final.pdf

- identify the strengths that you possess with respect to the standards.
- note where you feel you have areas for development and what you could/will do to address these.
- have the document available for the first remote delivered session.

Task B

Look at the teacher standards in the Early Career Framework pages 8-25 (downloadable from the following link or available in the Course Community Group as Resource 2).

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/893150/Early-Career_Framework.pdf

- are there other staff in the department or wider school who exemplify strength in these areas?
- are there other things to consider for any of the standards e.g. opportunities to fulfil standard 8?
